

WHAT WOULD YOU LIKE FROM LONGER SURGERY OPENING HOURS?

Which services are you most likely to need in this extra time?

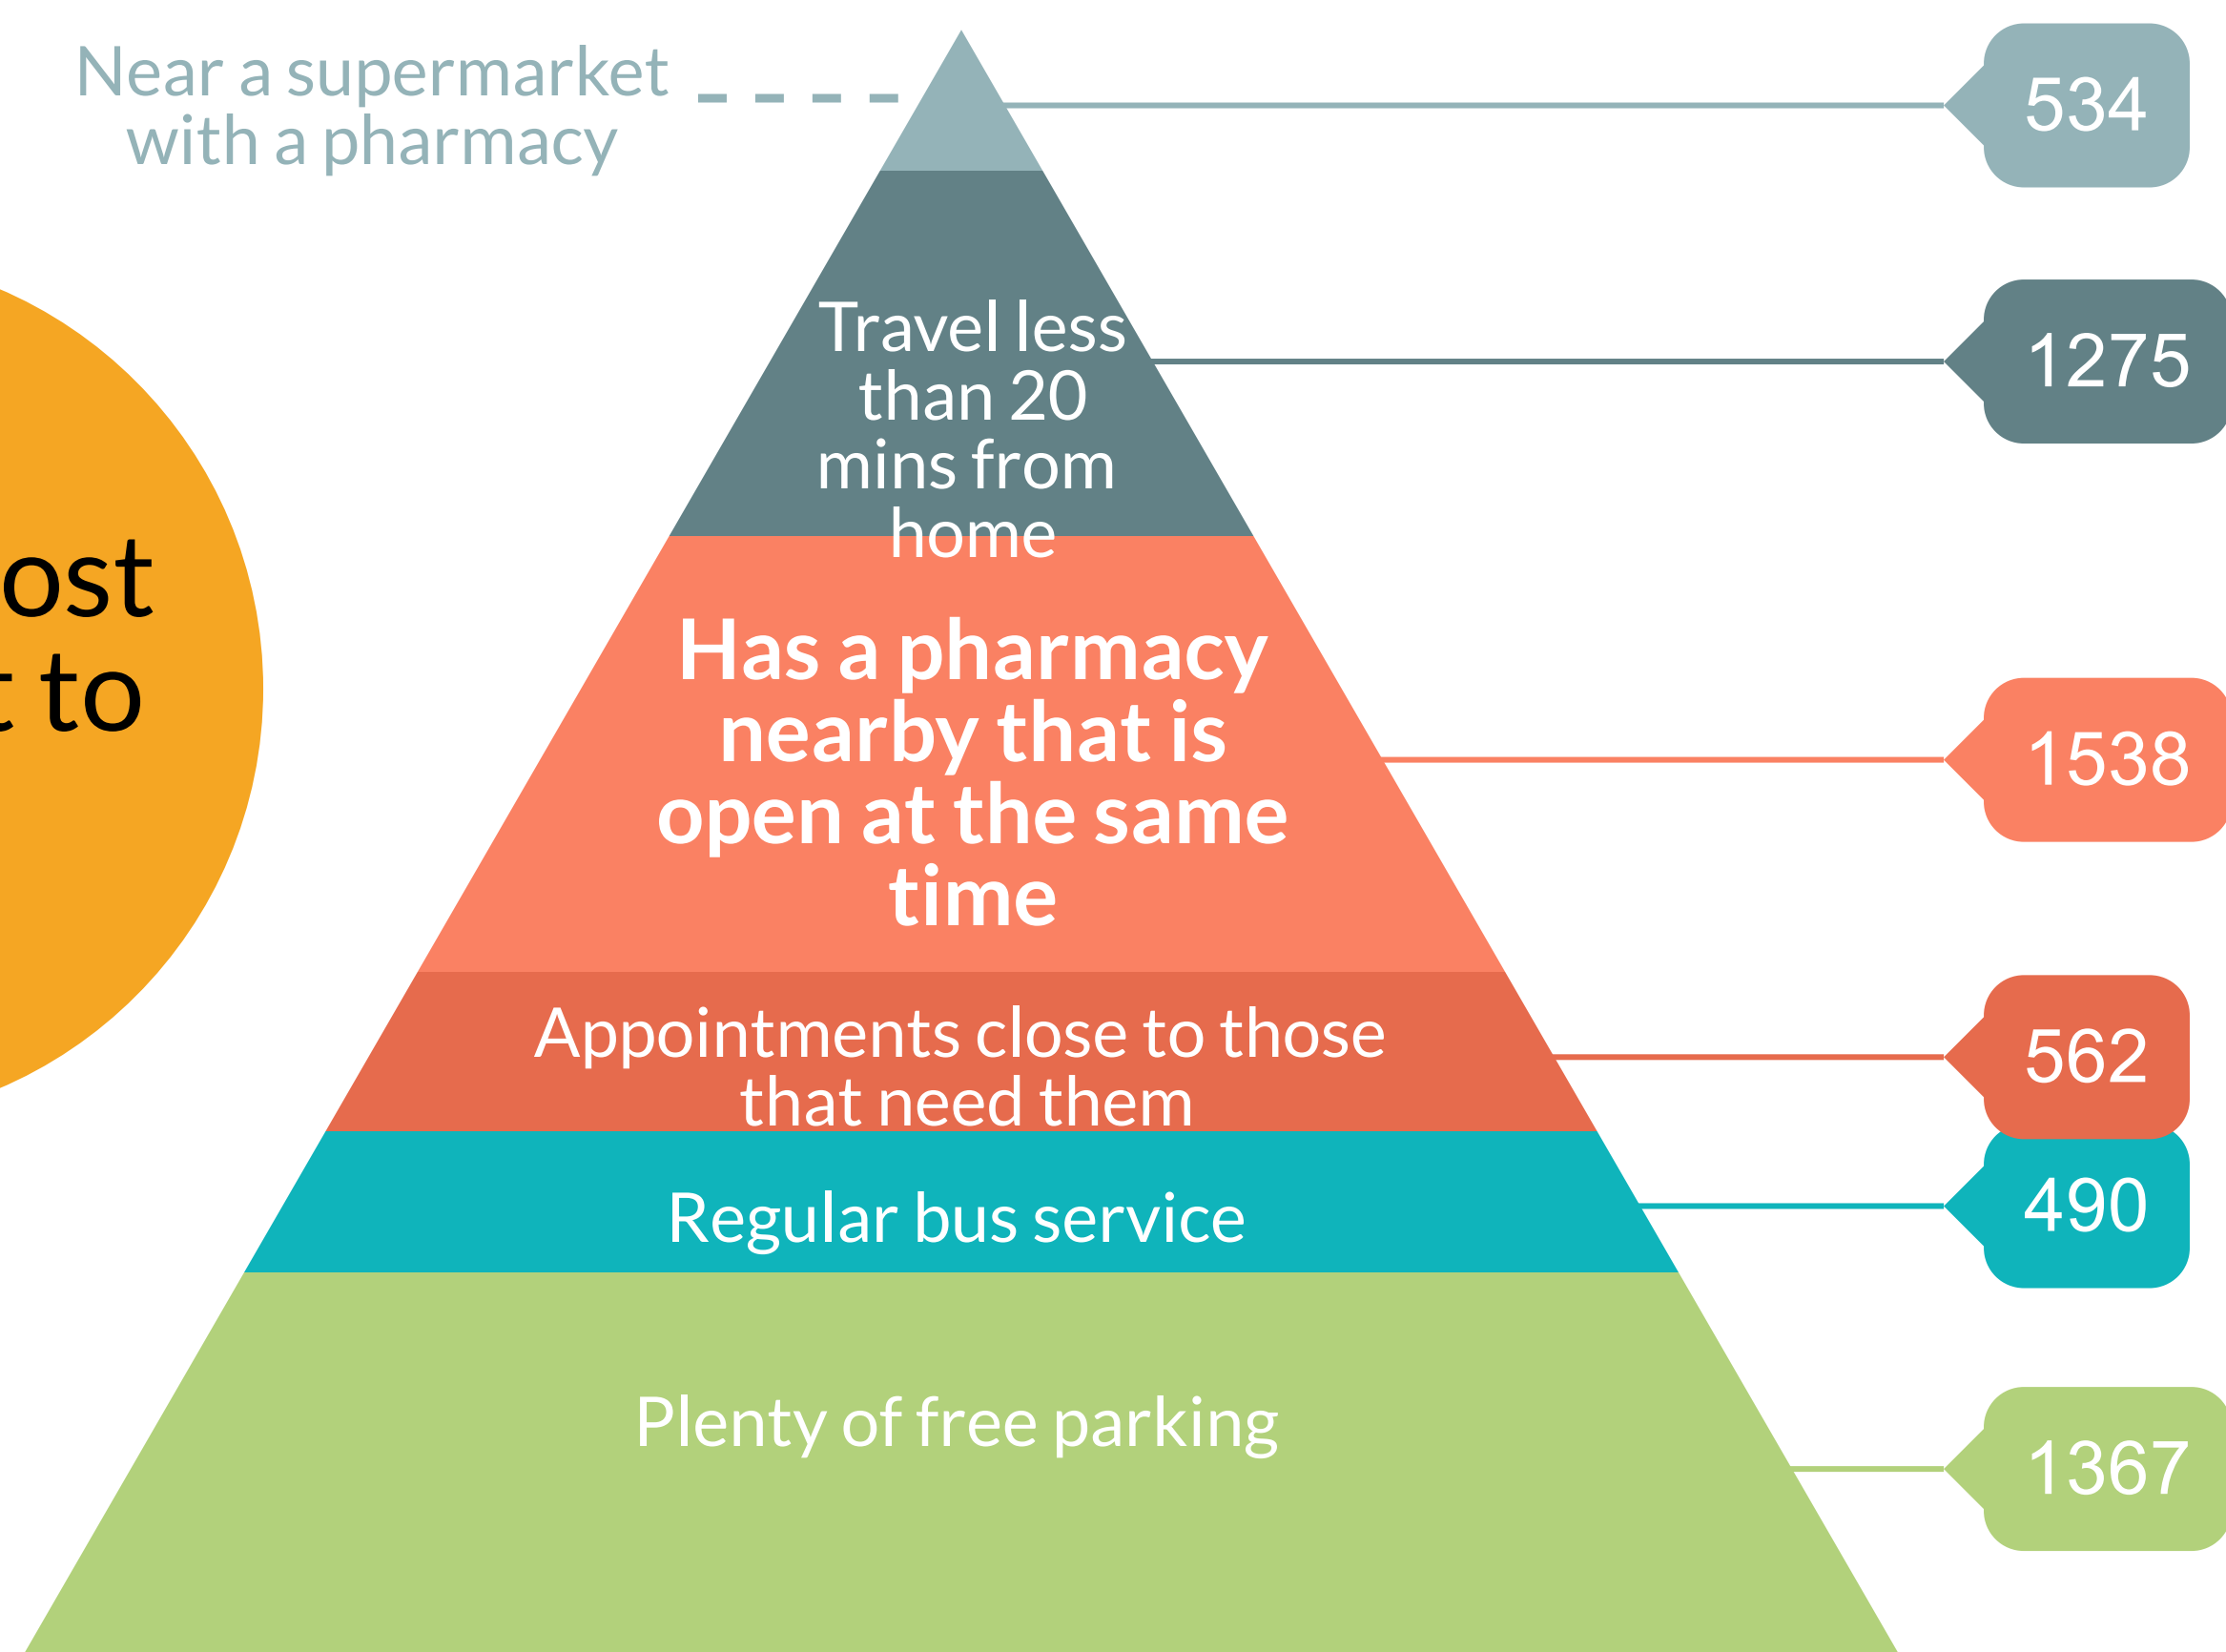

From October 2018, some surgeries will be offering extra appointments. Although it will not be practical to offer these at every surgery, we will make sure they are available in your local area. This is in addition to anything your surgery already offers in the evening or at weekends. These are the results of the survey so far

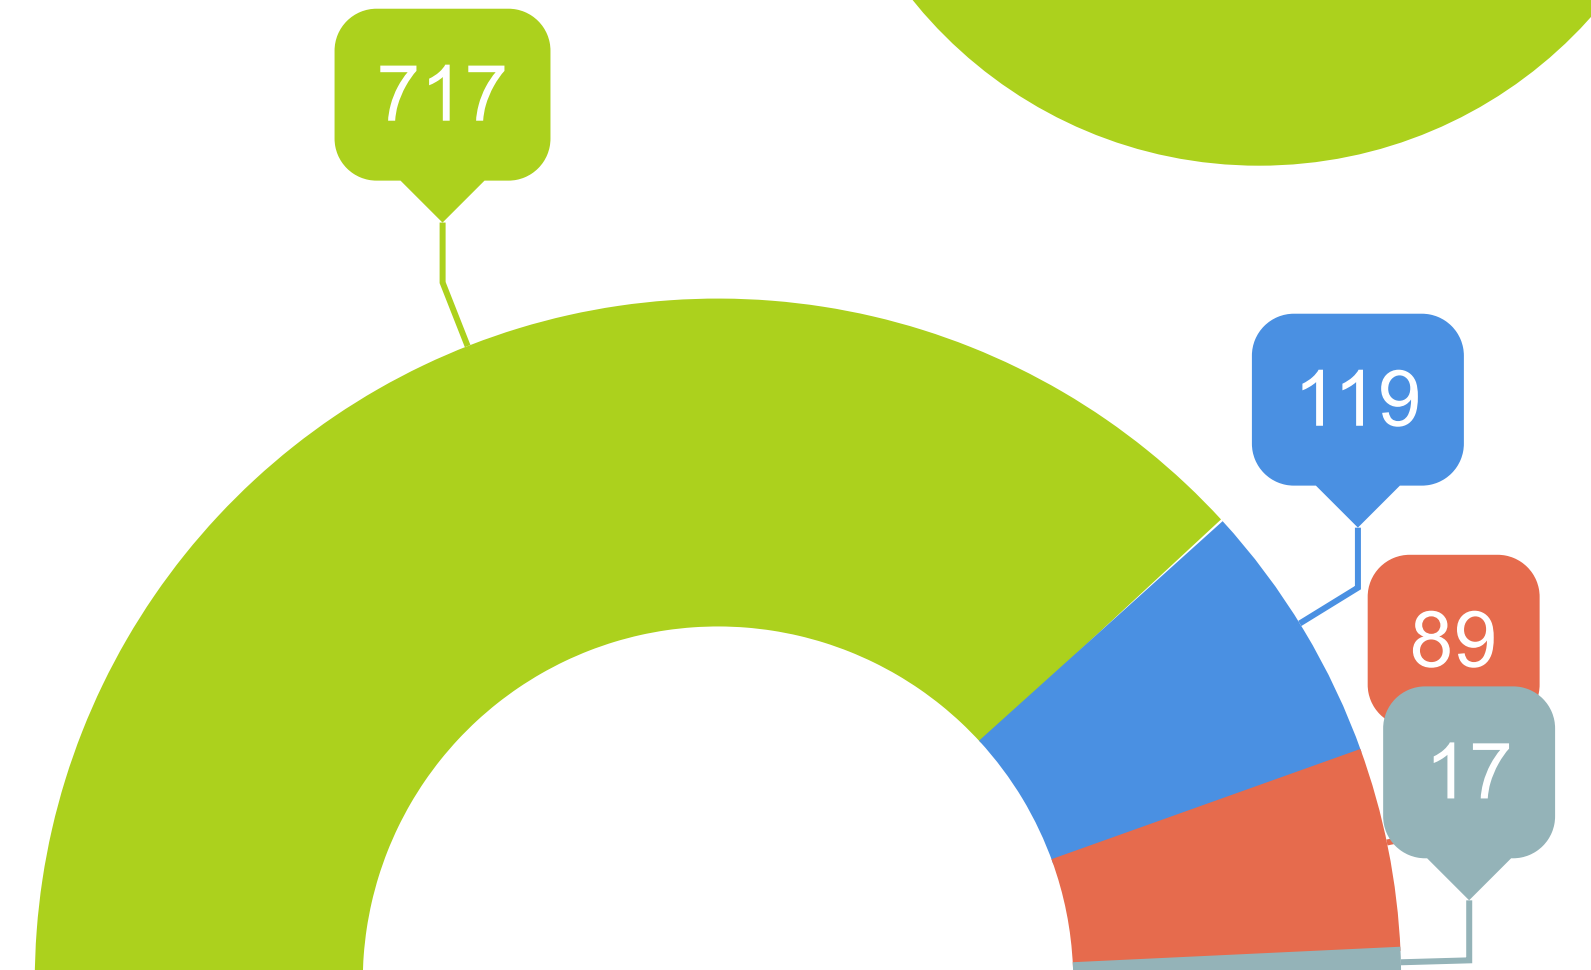

Would you use a weekend appointment?

What is most important to you?

When would you want these to be available?

Saturday morning (76.11%) Saturday afternoon (12.63%)
Sunday morning (9.45%) Sunday afternoon (1.80%)
