QUESTION	RESPONSE
<p>The NHS uses a range of terms IT, IM&T, Information, Digital, Technology among others to describe the roles and departments responsible for digital, technology, systems and leadership. When answering the following questions please consider carefully if you have single leadership for these or if they are split at the board level. If the roles are split, please provide all roles at board level with responsibility for aspects of digital technology.</p> <p>For clarity please consider the following example. A nurse working in the community uses a device to record interaction with the patient. This information forms part of the electronic record for that patient. Who at Board level within your organisation below the Chair and CEO are ultimately responsible for all of the components, system, service, technical tool training and support that goes to deliver that tool to the nurse.</p>	
<p>1. On the Executive Management Board of your organisation what is the role/job title of the person with responsibility of digital technology and information within your organisation?</p>	<p>Strategic Director for Information Assets and Digital Development</p>
<p>2. What other responsibilities does the role identified in question 1 have in addition to digital technology?</p>	<p>Technology, Informatics, Business Intelligence, Medical Records and Clinical coding</p>

<p>3. If the board level role has digital technology as part of their portfolio, please ask them to estimate what percentage of their time is spent on their digital technology role.</p>	<p>For CCG 33%</p>
<p>4. Does the person in the current board level digital leadership role hold any professional qualifications in digital technology?</p>	<p>No</p>
<p>5. What is the NHS pay band for the board role with responsibility for digital technology?</p>	<p>Not applicable - This is a County Council hosted role</p>
<p>6. Within your organisation what is the Job title of the person with day to day management responsibility for Digital technology.</p>	<p>Associate Director of Digital at CCG</p>
<p>7. What is the agenda for change pay band for the role identified in question 4.</p>	<p>8c</p>
<p>8. If the role identified in question 4 is a Board member are they a full member with executive voting rights? Yes/No/NA</p>	<p>Yes</p>
<p>9. What is the role title of the person who is the Senior Information Risk Owner (SIRO) within your organisation?</p>	<p>Deputy Chief Officer</p>

<p>10. In the light of the Secretary of State for Health and Social Care, Matt Hancock’s statement on 28th November 2018, “So if you’re a chief executive, I don’t expect you to know everything about tech, but I do expect you to have a chief information officer on the board who does” Has your board formally discussed changes to the board in relation to digital technology?</p>	<p>The Strategic Director for Information Assets and Digital Development is a board level appointment across the Integrated Care System.</p> <p>It is the System CIO</p>
<p>11. Has your organisation got plans in place to discuss changing digital technology leadership at the board level?</p>	<p>Already in place</p>
<p>12. Has your organisation got a plan to change technology leadership at board level and if so what are the time scales for this to be achieved.</p>	<p>Already in place</p>
<p>13. On average over the past 3 years what is the total annual revenue spending on digital technology systems and services within your organisation? I am looking for a total figure for all of the recurring revenue spending on staff, systems, licensing, 3rd party support etc.</p>	<p>£1,310 ,483</p>
<p>14. On average over the past 3 years what is the total annual capital spending on digital technology systems and services within your organisation. Again, I am looking for a total figure for spending on hardware, software, systems, 3rd parties, project management and implementation etc.</p>	<p>£600,000</p>
