Subject: Tobacco Dependency Treatment

I can confirm that the CCG does hold some of the information requested; please see response below:

QUESTION	RESPONSE
<p>Between August and September 2021, ICSs were asked to submit to NHSE the planned dates for all Trusts and all three pathways (acute inpatient, maternity, and mental health inpatient) of the tobacco dependency treatment aspects of the NHS Long Term Plan to begin delivery and for services to be fully established.</p> <p>I would like to request those trajectories, as well as any related plans.</p>	<p>Draft plans were submitted from each of the 3 places in the ICS (Buckinghamshire, Oxfordshire and Berkshire West) and cover all 3 pathways. These need to be finalised as the trajectories depend on recruitment into Tobacco Dependency services to be established/enhanced in line with the Long Term Plan. These are expected to take place during Quarter 3 (Oct – Dec 2021) with services established in Quarter 4 and building into 2022/23.</p> <p>Further detail on plans can be requested from the relevant Body:</p> <p>Oxfordshire Maternity & Acute Inpatient – Oxfordshire University Hospital NHS Foundation Trust</p> <p>Oxfordshire & Buckinghamshire Mental Health Inpatient – Oxford Health NHS Foundation Trust</p> <p>Buckinghamshire Acute Inpatient – Buckinghamshire Healthcare NHS Trust</p> <p>Berkshire West Acute Inpatient – Royal Berkshire Hospitals NHS Trust</p> <p>Berkshire West Mental Health Inpatient - Berkshire Healthcare NHS Foundation Trust</p>

The information provided in this response is accurate as of 2nd November 2021, and has been authorised for release by Robert Majilton, Deputy Chief Officer and Director of Sustainability & Transformation for NHS Buckinghamshire CCG.
